

Coiled Tubing and New Technology

Outline

- Brief CT Introduction
- What does CT do / not do
- What are the Offshore challenges
- How are these challenges being met
- What's new in CT
- What are the alternatives to CT
- New Technology
- Q and A Session

Objectives of seminar

Contents

- What is CT ? Capillary,
- What does it do ?
- What are the risks ?
- What's new in CT ? New materials, high capacity IH, CCT, Cr, ESP, HPHT, fibre optic, drilling, pipelines
- New Technology
 - Slickline, high strength, digital slickline
- Eline, fibre optic
- CT Challenges Offshore
- Weight – crane limitations – lift and reach
- Deck loading limit
 - Space – layout challenge, remote spooling
 - Personnel – accommodation limit
 - Fluids handling
 - Environmental
 - Objectives of seminar
 - Injector head
